Maktabi
SINCE 1926

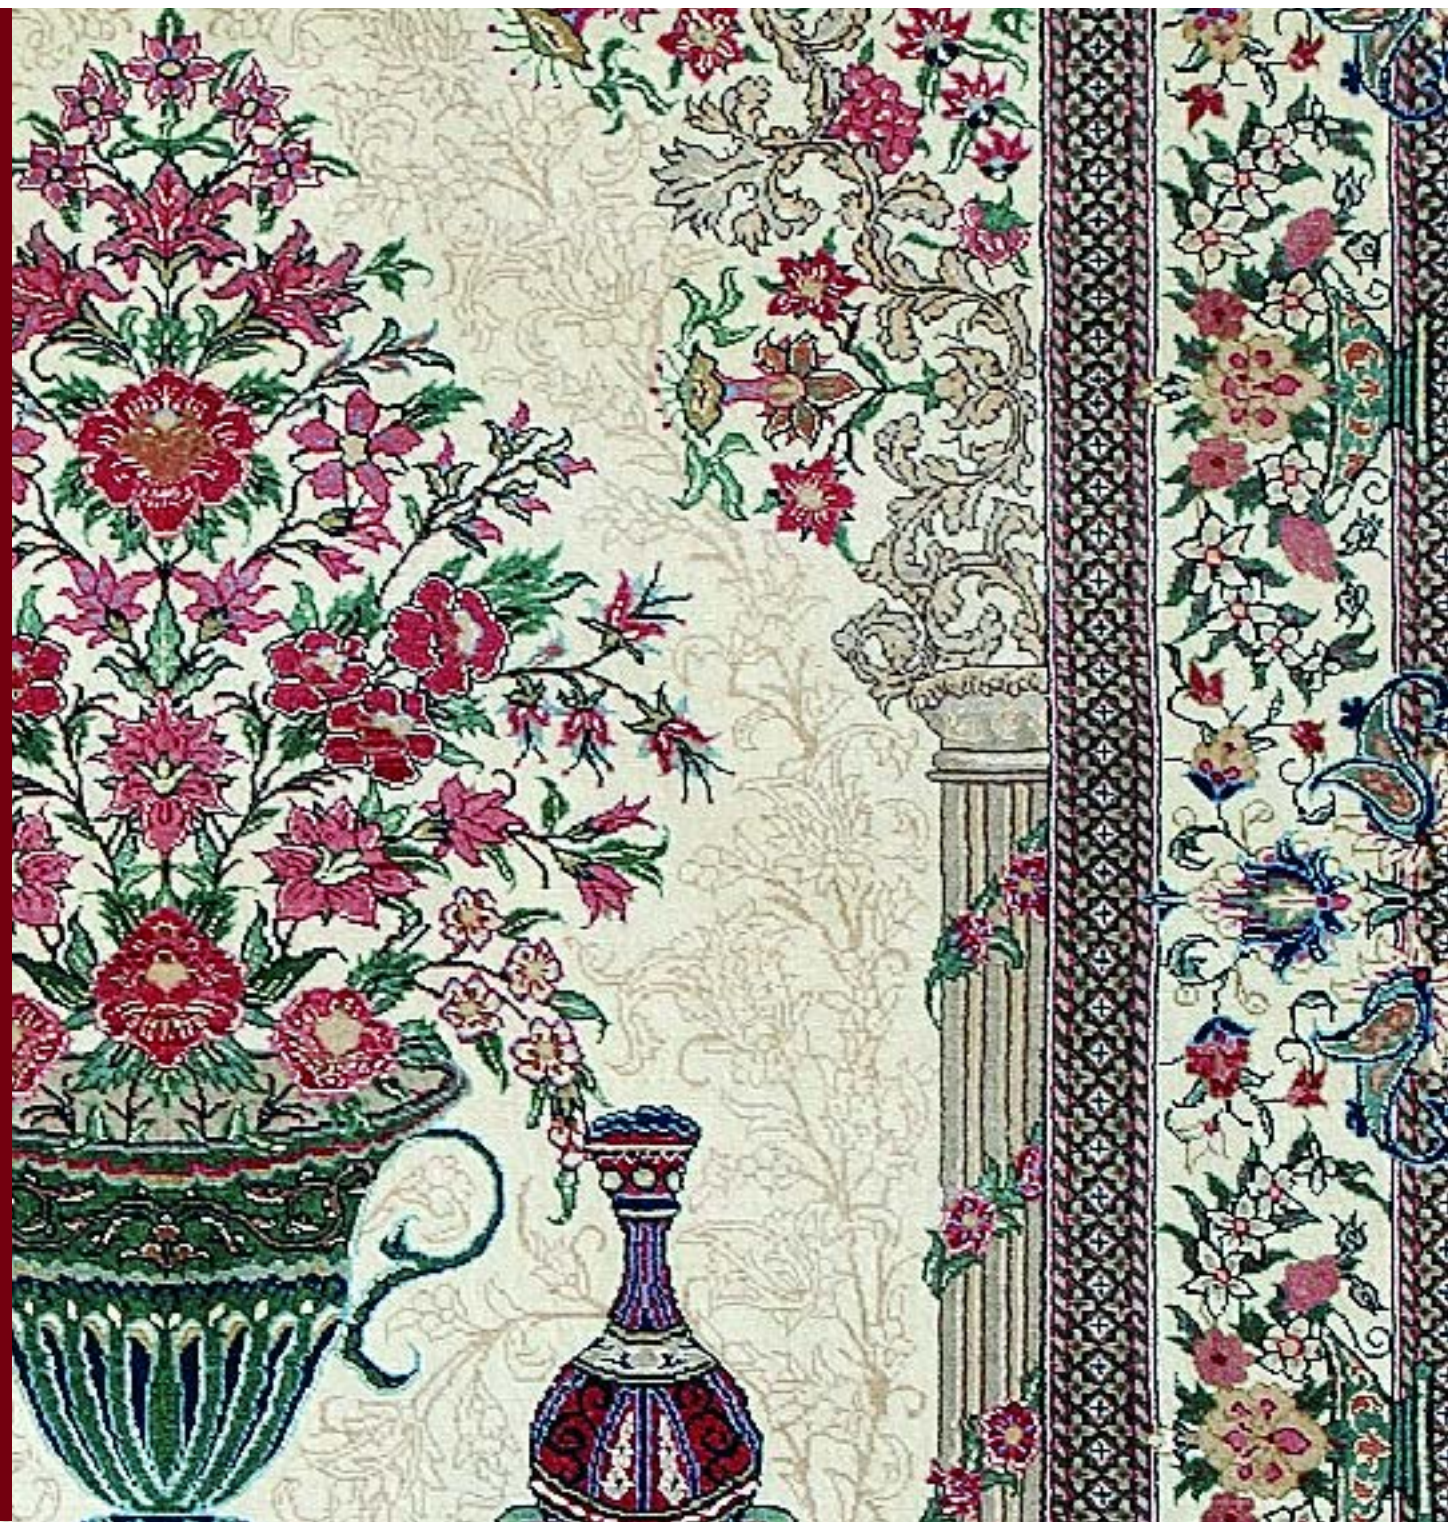

Luxurious oriental carpets were made in the past over a vast area stretching from Turkey and Persia right across the Caucasus to India and China. At Iwan Maktabi, we pride ourselves with a large collection of antique and collectible carpets including masterpieces from Iran, Anatolia and the Caucasus. This precious collection was started by our grandfather Hajji Hussein Maktabi since the beginning of the 20th century and now we continue our family's long tradition in carpet dealing and collecting. The masterpieces shown in this catalogue are but a few examples of the vast choice of carpets found in our galleries.
